INFORMATION DISCLOSURE STATEMENT

Sir:

It is noted that in a litigation pleading an adverse party has alleged that U.S. Patent Nos. 5,852,326; 5,679,977 and 5,347,159, issued on related applications, lack "novelty" and that the claims of these patents are "anticipated by" Lin, U.S. Patent No. 5,216,278, which patent is already of record in the present application. See Applicants' Information Disclosure Statement filed December 9, 1999. The same pleading alleges that the subject matter claimed in these would have been obvious to a person of ordinary skill in the art; that such patents do not point out with particularity nor distinctly claim the inventions and that such patents do not adequately describe or enable the inventions. The pleading does not further state the basis of the foregoing allegations.

In the event that any fee is due in connection with the present Information Disclosure Statement, the Commissioner is hereby authorized to charge the same to our Deposit Account No. 12-1095.

Respectfully submitted,
LERNER, DAVID, LITTENBERG,
